

# Connecting to Inspire from a Home or Office Computer

1. Enter [www.inspire.net](http://www.inspire.net) in your browser and press the “Enter” key.
2. Some folks can connect without any trouble or password if they have an ISP with an Indiana IP Address.
3. Otherwise, they will be prompted for an username and password (this can be tested at the library by going to [login.inspire.net](http://login.inspire.net)

- a. Enter your email address and password.
- b. If you do not have an Inspire password, then click “Register for Inspire Password”

Inspire will ask you for your name, address, phone number and email address. You must enter all this information. If you do not have an email address, you will need to get one in order to register. The system will reject an invalid email address.

You will immediately receive a temporary three-day password. Your permanent password will be sent to your home address by mail. If you do not enter your real home address, you will not receive your password.

Call the Inspire Help Desk at 1 877 546 7747 (toll free) for help connecting.
